

MUSIC CONNECTION

Educating Music People Since 1977™

16th Annual HOT 100 Unsigned Artists

Artists looking to get discovered still consider Southern California to be the location of choice. That is because Los Angeles continues to be the home of many top entertainment reps from not only record labels, but film and TV production companies. For this reason, our list of unsigned artists is as competitive as ever this year. Please note that each of the musical style descriptions were submitted by the band or artist. Those involved with determining the results of this year's poll included *Music Connection* staff members, journalists, club bookers, publicists and other industry professionals.

Compiled by Bernard Baur, Michael Mollura, Mark Nardone, and Paula Muñoz
